FROM THE AMERICAN PEOPLE

**Deloitte.**

**USAID Kizazi Hodari Southern Zone Project**  
**(USAID Brave Generation Southern Zone Project)**

## **JOB OPPORTUNITY ANNOUNCEMENT**

**Issued Date:** May 2, 2025

**Location:** Lindi and Mtwara Regions

### **A. ABOUT THE ORGANIZATION**

BAKAID Tanzania (formerly BAK-AIDS), established in 2004 under The National Muslim Council of Tanzania (BAKWATA), is a registered Non-Governmental Organization under the NGO Act No. 24 of 2002 (Reg. No. 00NGO/R/1805). The organization was founded to contribute to national efforts in addressing socioeconomic development and emerging health challenges across mainland Tanzania.

BAKAID envisions a healthier life for underprivileged children, youth, women, and men. Its mission is to implement innovative community based strategies that provide accessible and quality social economic services through strong collaboration with stakeholders.

BAKAID is implementing the USAID Kizazi Hodari Southern Zone project in Lindi and Mtwara regions. The project aims to improve the health, wellbeing, and safety of Orphans and Vulnerable Children (OVC) and youth in communities heavily affected by HIV.

### **B. POSITION: Health Technical Officer (HTO)**

**Location:** Lindi (Kilwa DC, Lindi MC, Mtama DC, Nachingwea DC, and Ruangwa DC) and Mtwara (Masasi DC, Masasi TC, Mtwara MC, and Nanyumbu DC) regions

**Reports to:** Project Manager

**Number of Posts:** 5

#### **Key Roles and Responsibilities:**

- Coordinate with the Council Health Management Team (CHMT) on health and HIV related activities
- Facilitate monthly meetings with Care and Treatment Centers (CTCs) to enhance bi directional referrals and confidentiality
- Facilitate HIV risk assessments during OVC case management and link at risk children to HIV Testing and Counseling (HTC)
- Support health facilities in maintaining updated CLHIV enrollment registers
- Supervise CCWs in tracing HIV positive OVCs and linking them back to CTCs
- Guide CCWs in conducting HIV risk assessments and referrals
- Support CCWs in tracing and re engaging HIV positive OVC who miss appointments, and link them to CTCs
- Assist in rolling out supplemental HIV curriculum and support to OVC caregivers
- Ensure CTCs maintain updated enrollment registers for CLHIV, showing the cascade of enrollment

- Monitor and improve the bi directional referral system, conducting quality improvement initiatives
- Strengthen referral systems and monitor service completion
- Participate in quarterly council level quality improvement meetings
- Use data to inform decisions and track outcomes in collaboration with M&E teams
- Support CCWs in delivering nutrition assessments and linkage services
- Submit quarterly, semiannual, and annual performance reports
- Document success stories and lessons learned

**Minimum Qualifications:**

- **Education:** Diploma in Clinical Medicine or Nursing (Bachelor’s Degree is an added advantage)
- **Experience:** Experience: Minimum of 2 years in public health or OVC programming. Prior experience with PEPFAR funded projects and programs related to HIV, MNCH, TB, or malaria is preferred.

**Skills:**

- Deep understanding of Tanzanian health policies and HIV programming
- Excellent interpersonal, reporting, training, and leadership skills
- Proficiency in MS Word, Excel, PowerPoint
- Fluency in Swahili and English
- Competencies in integrity, innovation, stress tolerance, adaptability, and teamwork
